

# Music/Theater Building (MTB)

## Building Hours

- The MTB is open every day from 6:00AM – 2:00AM

## Room Occupancy and Courtesy

- Practice rooms are reserved for currently enrolled music majors, music minors, and students in select music courses only.
- Practice rooms are operated on a first-come, first-serve basis.
- During days of high demand, be conscientious that others require to practice. Please limit your time and break up your session into chunks.
- If a previously occupied room is left unattended for longer than ten minutes, another student may begin to use the room.
- Please do not move music stands or mirrors to block the doors; this encourages stagnant occupation, and has resulted in broken mirrors.

## Food and Drinks

- No food or drinks are allowed in the applied studios, classrooms, performance halls, practice rooms, or rehearsal halls.
- Bottles, boxes, cans, and garbage should be disposed of in the appropriate receptacles.

## Damage and Theft

- Information about any person(s) responsible for damage or theft should be reported directly to the Director of the School of Music.

## Security

- The applied studios, classrooms, offices, practice rooms, and rehearsal halls in the School of Music are in high demand. If you suspect that there may be an individual(s) that pose a threat to security of equipment or to the safety of an individual, report suspicious behavior to the music office at 703-993-1380, or the campus police at 703-993-2810. In an emergency, dial 911.
